

Boulder Shelter for the Homeless Group Volunteer Opportunities

Thank you for your interest in volunteering at the Shelter. We provide nearly 100,000 meals a year and would love to have your group join us. Cooking with our kitchen manager is a great way to get involved and make a difference for the 160 individuals who stay with us every night.

How does the group volunteer activity work?

We invite groups of 8 individuals to cook an entrée or two that will be served at dinner either that night or later in the week. The Shelter will supply the recipe and grocery list; the group is responsible for purchasing all the ingredients necessary to prepare the dish, typically a \$100 - \$200 investment. Please note that these cooking opportunities are available 1-3pm on weekdays only. To safeguard our residents' privacy, there are no residents in the building during your volunteer opportunity.

Corporate Volunteer Hour Match Program

Does your organization match the hours you spend volunteering with a financial gift to the Boulder Shelter? Make sure to let us know so that we can help you with the necessary paperwork. These financial donations make a huge difference and assure that the Shelter can continue to offer the services needed for the homeless in our community.

What more can you do?

Why not adopt the whole meal? With an additional \$100 donation to the Shelter, your organization will be recognized as the official sponsor of the meal on that night. We will post your organization's name on the menu chart for the evening and inside the kitchen for the residents and volunteers to see. With your permission, we will even give you a shout out on our Facebook page ☺ Bring along this extra \$100 donation with your team and ingredients and know that you are providing a wonderful meal for our residents that night.

Can we sign you up?

Let us know that you are willing to invest in the ingredients for a meal, (and let us know if you are supersizing that with a \$100 donation to adopt the whole meal!) and we will send you some dates to schedule this fun and meaningful opportunity.

Contact Caroline at 303.468.4326 or caroline@bouldershelter.org if you have questions or want to schedule your group volunteer activity.
