We are grateful to members of our generous community for reaching out to learn what is most needed during the COVID-19 health crisis.

We have made adjustments to our meal delivery process, in response to the need for social distancing. Generally we are reliant on large numbers of volunteers to prepare and serve every breakfast and dinner. It is not possible for us to maintain this service and minimize contact, so we have switched to providing safe sack breakfasts/snacks/dinners. Morning coffee is still available…and still greatly appreciated!

As we serve up to 120 adults each night, we have a need for A LOT of these products…estimate 240 per item per day…we will update our list, if we receive an abundance of any particular item.

- Paper plates
- Paper cups
- Bottled water
- Whole fruit (bananas, clementines, apples)
- Fruit snacks and/or fruit cups
- Granola bars (preferably soft/chewy)
- Coffee
- Sugar

Additionally, we have a need for the following personal care items:

- Masks (fabric are ok)
- Gloves
- Bar soap (hotel size is preferred)
- Hand sanitizer
- Cough and cold medicine
- Ibuprophen, Tylenol, Aspirin
- Vitamins
- Laundry detergent
- Shampoo (hotel size is preferred)

Many of these items are available through online shopping services and can be delivered directly to the Shelter at the address below.

Financial donations are also sincerely appreciated at this time and will help us address some of the unplanned expenses associated with providing services. You can donate online through or mail your gift to the address below.

Thank you for your thoughtful consideration and support in meeting the needs of adults experiencing homelessness in our community.
